

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT**  
**PERMIT APPLICATION PUBLIC NOTICE**

**October 3, 2008**

**Permit Number:** OCRM-08-228-D  
**Permit ID:** 64676

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

**APPLICANT:** Charleston Water System  
C/O HDR Engineering, Inc.  
3655 Faber Place, Suite 300  
North Charleston, S.C. 29405

**LOCATION:** On and adjacent to Church Creek at Church Creek Drive off of Hwy 61, Charleston, Charleston County, South Carolina. TMS#: 355-02-00-0132.

**WORK:** The work as proposed and shown on the attached plans consists of constructing approximately 320 linear feet of new wastewater force main for an aging and deteriorated collection system. Approximately 320' x 20' of construction easement will be impacted by the project with 320' x 6' of cut trench with backfill and bedding. The easement will temporarily impact 0.14 acre of critical area and the trenching with backfill and bedding will permanently impact 0.044 acres of critical area wetlands. The work as described is to replace a deteriorated collection system.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

*To assure review by OCRM, comments regarding this application must be received by OCRM on or before November 2, 2008. For further information please contact the project manager for this activity, Jeff Thompson at 843-953-0219.*

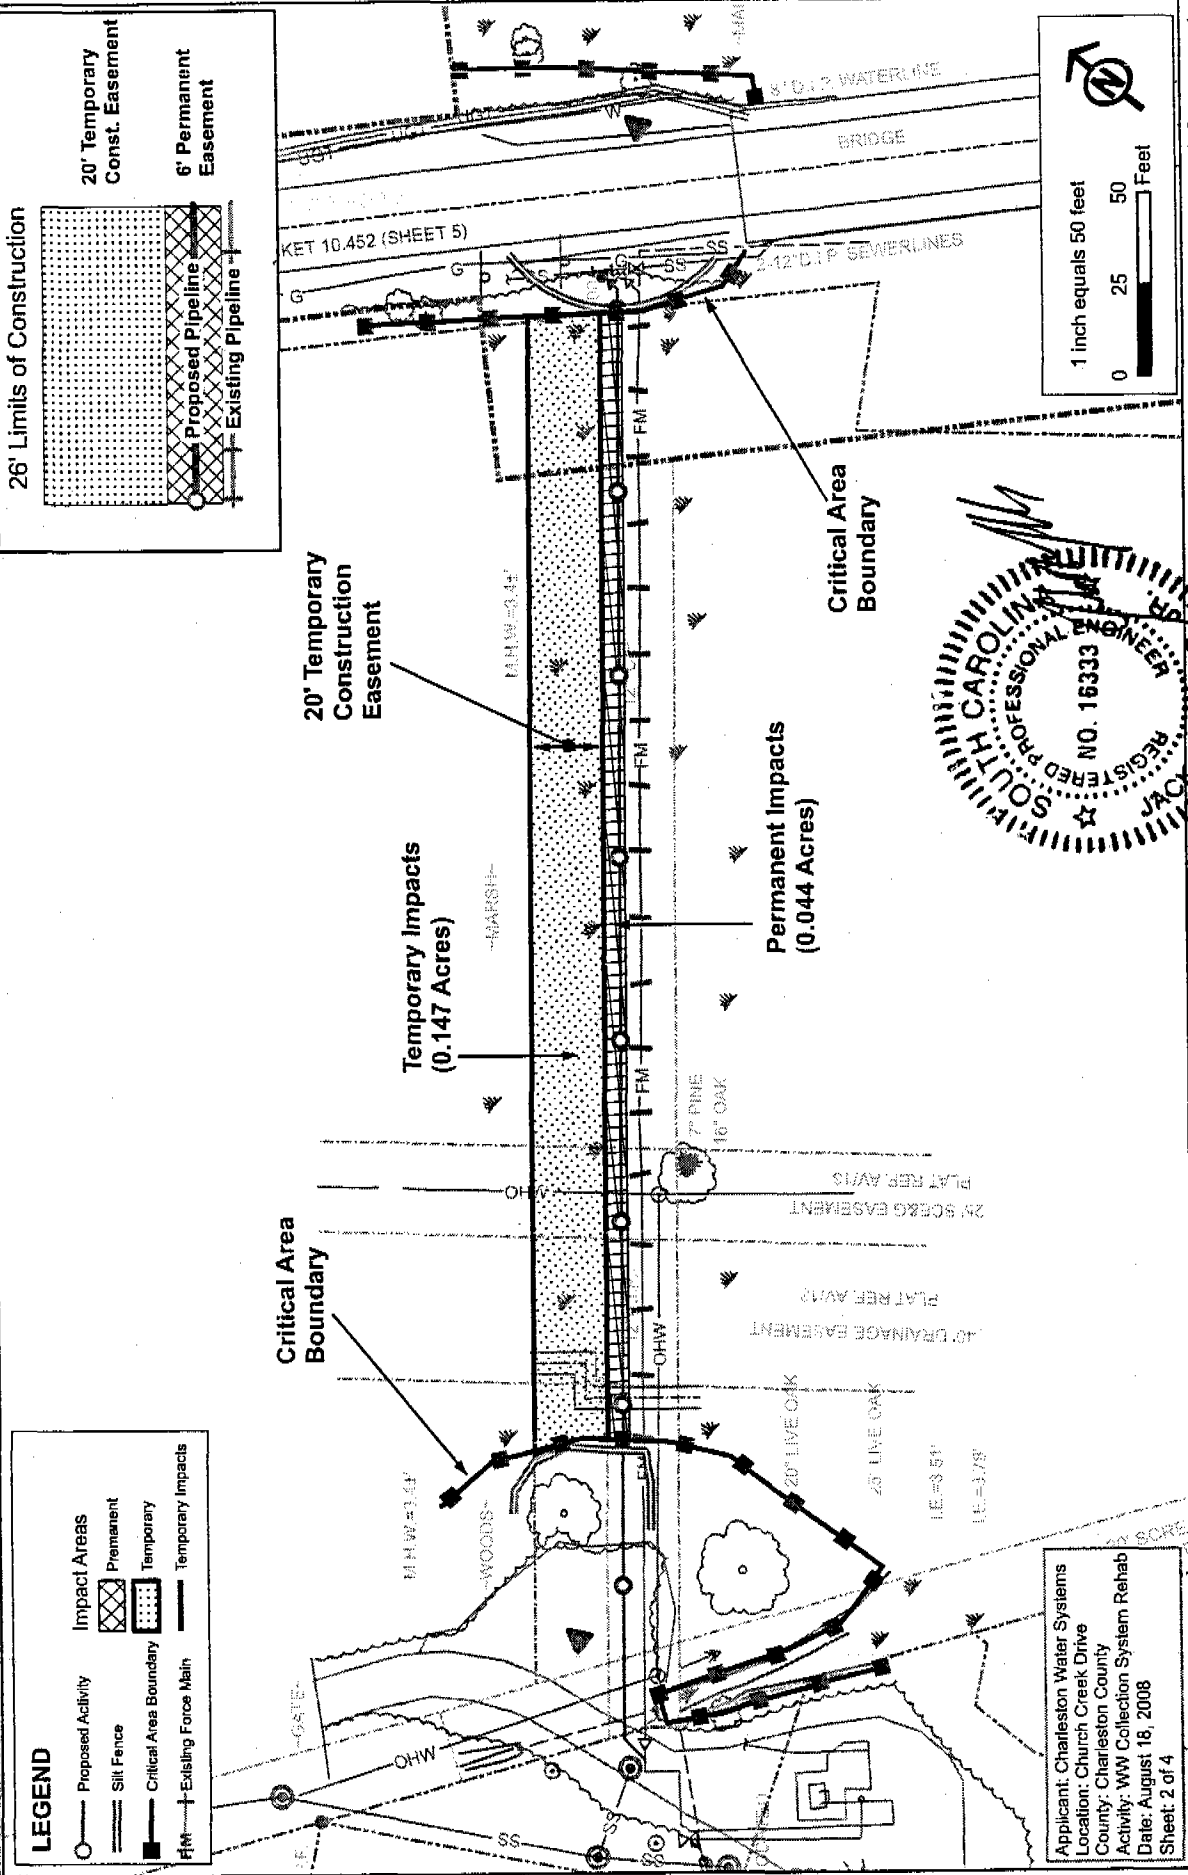

**PLEASE REPLY TO:**

SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT  
1362 McMillan Avenue, Suite 400  
Charleston, South Carolina 29405
